Independent Overseas Birding

By Dominic Le Croisette

Have you ever wanted to take an independent, international birding trip, but aren't sure how to go about it? Our speaker this month, Dominic Le Croisette, has just returned from Ecuador, which was the 56th country on his “life list.” He is going to talk to us about how to go about arranging and executing an independent trip overseas – and see a lot of birds! – without signing up for an expensive tour, or being stuck to a fixed itinerary for a week with a group who may have different priorities or clashing personalities!

Dominic has lived for a number of years in various countries including Taiwan, South Korea, Thailand, Vietnam, New Zealand, the UK, and France. He has been a keen birder since 1992 and has lived in Texas since early 2017.

Join us for a discussion of the logistics of independent overseas birding, along with some photos of the best birding moments from Dominic's recent trip to Ecuador.
